

4th geniko lykeio volou

Erasmus exchange week

Starting on April 28th, our school is excited to welcome Greek and Turkish students as part of the Erasmus exchange program. The German Erasmus students have already spent exchange weeks in both countries, where they were warmly welcomed. Now, it's our turn to return the hospitality. The Erasmus group has organized a variety of fun and creative activities for the students, including a wood workshop with Mr. Kreihe, gardening activities such as planting trees and vegetables, sewing projects using old pieces of clothing, upcycling old furniture and creating a banner for the exchange. Students will have the opportunity to rotate through the different stations each day, allowing everyone to take part in all the activities. We are happy to have you here in Offenbach, Germany, and we welcome you with open arms!
